A complete transformation has taken place in the Rye Neck Schools -- everything from our facilities, to our curriculum, to how we teach.

These changes have created a rebirth, not only for our district, but also for our community. Strong leadership and a clear focus on academic success have made this possible.

- Our students consistently score in the top tier on statewide standardized testing.
- We were one of the first high schools in the state to move to the all-Regents model.
- We offer 20 AP courses
- We have one of the most technologically advanced districts in the County.
- We continue to be on the cutting edge of educational reform at all levels.
- Our school wide enrichment model sets us apart.
- Our size enables us to provide a more personalized education and meet the needs of individual students.
